

Pijnven

legit: Wullaert Steve

Temp.: 9,2°C – 5,8°C

Clouds: 4/8

Time: 22:20 – 5:20

Overdag een korte wandeling gemaakt. 8 bakken en 1 actinic uitgezet. Begin nachtvangst open hemel en felle afkoeling tot zelfs 5,8°C, tijdens nacht meer bewolking, temp. terug naar 10,9°C. Samen met Zoë, Chris, Koen L., Dries, Johan, Sam en Marjel.

Eriocraniidae

Eriocrania salopiella (Stainton, 1854) 3 Field observation leaf mine

Nepticulidae

Stigmella myrtillella (Stainton, 1857) 3 Field observation leaf mine

Stigmella naturnella (Klimesch, 1936) 1 Field observation leaf mine

Psychidae

Taleporia tubulosa (Retzius, 1783) 2 Field observation case

Taleporia tubulosa (Retzius, 1783) 15 Field observation on light

Psyche casta (Pallas, 1767) 9 Field observation case

Bucculatricidae

Bucculatrix demaryella (Duponchel, 1840) 1 Field observation observed during daytime

Yponomeutidae

Yponomeuta evonymella (Linnaeus, 1758) 2 Field observation on light

Oecophoridae

Crassa unitella (Hübner, 1796) 2 Field observation on light

Pleurota bicostella (Clerck, 1759) 7 Field observation on light

Gelechiidae

Aroga velocella (Zeller, 1839) 1 Field observation on light

Sophronia semicostella (Hübner, 1813) 9 Field observation on light

Carpatolechia proximella (Hübner, 1796) 1 Field observation on light

Exoteleia dodecella (Linnaeus, 1758) 1 Field observation on light

Coleophoridae

Coleophora ibipennella Zeller, 1849 1 Field observation case

Blastobasidae

Hypatopa binotella (Thunberg, 1794) 11 Field observation on light

Tortricidae

Epagoge grotiana (Fabricius, 1781) 1 Field observation on light

Archips crataegana (Hübner, 1799) 1 Field observation on light

Archips crataegana (Hübner, 1799) 1 Field observation on light

Archips xylosteana (Linnaeus, 1758) 5 Field observation on light

Lozotaeniodes formosana (Frölich, 1830) 7 Field observation on light

Pandemis heparana (Denis & Schiffermüller, 1775) 1 Field observation on light

Aleimma loeflingiana (Linnaeus, 1758) 4 Field observation on light

Tortrix viridana Linnaeus, 1758 24 Field observation on light

<i>Celypha lacunana</i> (Denis & Schiffermüller, 1775)	1	Field observation	on light
<i>Olethreutes arcuella</i> (Clerck, 1759)	3	Field observation	observed during daytime
<i>Olethreutes arcuella</i> (Clerck, 1759)	1	Field observation	on light
<i>Gypsonoma dealbana</i> (Frölich, 1828)	1	Field observation	observed during daytime
<i>Gypsonoma dealbana</i> (Frölich, 1828)	1	Field observation	on light
<i>Rhyacionia buoliana</i> (Denis & Schiffermüller, 1775)	1	Field observation	on light
<i>Cydia fagiglandana</i> (Zeller, 1841)	1	Field observation	on light
Hesperiidae			
<i>Ochlodes sylvanus</i> (Esper, 1777)	6	Field observation	observed during daytime
Nymphalidae			
<i>Vanessa atalanta</i> (Linnaeus, 1758)	4	Field observation	observed during daytime
<i>Nymphalis polychloros</i> (Linnaeus, 1758)	1	Field observation	observed during daytime
<i>Maniola jurtina</i> (Linnaeus, 1758)	2	Field observation	observed during daytime
Crambidae			
<i>Anania verbascalis</i> (Denis & Schiffermüller, 1775)	1	Field observation	on light
<i>Pyrausta despicata</i> (Scopoli, 1763)	1	Field observation	observed during daytime
<i>Eudonia delunella</i> (Stainton, 1849)	5	Field observation	on light
<i>Eudonia lacustrata</i> (Panzer, 1804)	7	Field observation	on light
<i>Eudonia mercurella</i> (Linnaeus, 1758)	1	Field observation	on light
<i>Eudonia pallida</i> (Curtis, 1827)	1	Field observation	on light
<i>Scoparia ambigualis</i> (Treitschke, 1829)	39	Field observation	on light
<i>Catoptria margaritella</i> (Denis & Schiffermüller, 1775)	2	Field observation	on light
<i>Chrysoteuchia culmella</i> (Linnaeus, 1758)	2	Field observation	observed during daytime
<i>Chrysoteuchia culmella</i> (Linnaeus, 1758)	9	Field observation	on light
<i>Crambus pascuella</i> (Linnaeus, 1758)	32	Field observation	observed during daytime
<i>Crambus pascuella</i> (Linnaeus, 1758)	20	Field observation	on light
<i>Crambus perlella</i> (Scopoli, 1763)	1	Field observation	on light
<i>Crambus pratella</i> (Linnaeus, 1758)	9	Field observation	on light
<i>Thisanotia chrysonuchella</i> (Scopoli, 1763)	1	Field observation	on light
Lasiocampidae			
<i>Dendrolimus pini</i> (Linnaeus, 1758)	17	Field observation	on light
Saturniidae			
<i>Saturnia pavonia</i> (Linnaeus, 1758)	14	Field observation	caterpillar
Sphingidae			
<i>Sphinx pinastri</i> Linnaeus, 1758	1	Field observation	on light
<i>Deilephila elpenor</i> (Linnaeus, 1758)	1	Field observation	on light

Geometridae

<i>Macaria liturata</i> (Clerck, 1759)	5	Field observation	on light
<i>Ennomos erosaria</i> (Denis & Schiffermüller, 1775)	2	Field observation	on light
<i>Alcis repandata</i> (Linnaeus, 1758)	15	Field observation	on light
<i>Ectropis crepuscularia</i> (Denis & Schiffermüller, 1775)	4	Field observation	on light
<i>Parectropis similaria</i> (Hufnagel, 1767)	1	Field observation	on light
<i>Peribatodes rhomboidaria</i> (Denis & Schiffermüller, 1775)	3	Field observation	on light
<i>Bupalus piniaria</i> (Linnaeus, 1758)	3	Field observation	on light
<i>Cabera pusaria</i> (Linnaeus, 1758)	2	Field observation	on light
<i>Campaea margaritaria</i> (Linnaeus, 1761)	2	Field observation	on light
<i>Hylaea fasciaria</i> (Linnaeus, 1758)	8	Field observation	on light
<i>Hylaea fasciaria</i> (Linnaeus, 1758)	1	Field observation	observed during daytime
<i>Comibaena bajularia</i> (Denis & Schiffermüller, 1775)	5	Field observation	on light
<i>Idaea aversata</i> (Linnaeus, 1758)	1	Field observation	on light
<i>Idaea dimidiata</i> (Hufnagel, 1767)	1	Field observation	on light
<i>Idaea straminata</i> (Borkhausen, 1794)	3	Field observation	on light
<i>Campogramma bilineata</i> (Linnaeus, 1758)	1	Field observation	on light
<i>Electrophaes corylata</i> (Thunberg, 1792)	1	Field observation	on light
<i>Thera obeliscata</i> (Hübner, 1787)	5	Field observation	on light

Notodontidae

<i>Drymonia querna</i> (Denis & Schiffermüller, 1775)	1	Field observation	on light
<i>Phalera bucephala</i> (Linnaeus, 1758)	26	Field observation	on light

Erebidae

<i>Lymantria dispar</i> (Linnaeus, 1758)	1	Field observation	caterpillar
<i>Cybosia mesomella</i> (Linnaeus, 1758)	51	Field observation	on light
<i>Eilema depressa</i> (Esper, 1787)	1	Field observation	on light
<i>Eilema sororcula</i> (Hufnagel, 1766)	2	Field observation	on light
<i>Lithosia quadra</i> (Linnaeus, 1758)	2	Field observation	on light
<i>Laspeyria flexula</i> (Denis & Schiffermüller, 1775)	1	Field observation	on light

Noctuidae

<i>Deltote bankiana</i> (Fabricius, 1775)	1	Field observation	observed during daytime
<i>Deltote pygarga</i> (Hufnagel, 1766)	3	Field observation	on light
<i>Hoplodrina blanda</i> (Denis & Schiffermüller, 1775)	2	Field observation	on light
<i>Hoplodrina octogenaria</i> (Goeze, 1781)	5	Field observation	on light
<i>Rusina ferruginea</i> (Esper, 1785)	1	Field observation	on light
<i>Dypterygia scabriuscula</i> (Linnaeus, 1758)	2	Field observation	on light
<i>Apamea monoglypha</i> (Hufnagel, 1766)	3	Field observation	on light
<i>Enargia paleacea</i> (Esper, 1788)	1	Field observation	on light
<i>Lacanobia w-latinum</i> (Hufnagel, 1766)	1	Field observation	on light
<i>Polia nebulosa</i> (Hufnagel, 1766)	7	Field observation	on light
<i>Mythimna impura</i> (Hübner, 1808)	2	Field observation	on light
<i>Agrotis exclamationis</i> (Linnaeus, 1758)	4	Field observation	on light

Lycophotia porphyrea (Denis & Schiffermüller, 1775)	1	Field observation	on light
Noctua fimbriata (Schreber, 1759)	3	Field observation	on light
Noctua pronuba (Linnaeus, 1758)	112	Field observation	on light
Xestia c-nigrum (Linnaeus, 1758)	1	Field observation	on light
Xestia triangulum (Hufnagel, 1766)	3	Field observation	on light

Total number of specimens: 599
Total number of species: 97

Later nog toegevoegd:

A. crataegana 1x observed during daytime
A. crataegana 1x op feromoon CONO
D. heindeli 3x op feromoon CONO
